THE SENIOR CLASS
MARS HILL COLLEGE
MARS HILL, N. C.

FOR E W O R D

"PAUL stood in the midst of Mars Hill . . ."

From these words the founding fathers probably chose the name of this "Areopagus of Appalachia." Not only the name of the college is derived from ancient Greece, but much of its cultural heritage is held in "fealty to Apollo." Thus the Staff, recognizing the indebtedness of Mars Hill College to the Greeks and observing the parallels between their times and the present, have chosen the motif for the 1943 LAUREL.

LAUREL

WORD

DEDIC

*All on the campus know her and love her
—those who have enjoyed the privileges of
her classes and all others as well. From asso-
ciations with her each has gained a respect
for knowledge, an appreciation of Christian
character. Her willing hands and eager
heart have reached unto the least.*

*As a token of their affection and esteem the
students of Mars Hill College dedicate this
1943 LAUREL to*

ELLA JANET PIERCE

You will permit me to say with Cicero,
"While I would fain have some tincture of
all the virtues, there is no quality I would
rather have, and be thought to have, than
gratitude."

I am grateful for Mars Hill College, for
my colleagues of the faculty and staff, for
the student body, for the board of trustees,
for the North Carolina Baptist State Con-
vention, and a legion of other friends. Above
all I am grateful for the Christ who has
been, who is, and who will be sufficient for
our every need.

My tenderest love and good wishes shall
attend all who go out from our College
this commencement.

HOYT BLACKWELL, *President.*

DR. HOYT BLACKWELL
President

"Daddy" Blackwell
and his family.

DR. ROBERT LEE MOORE
President Emeritus

Though prepared and issued under difficult world condition, this Annual, let us hope, shall be inferior to none in quality of work and in its representation of life on our campus at its best. There is no family record free from pages which one would hesitate to parade in public; there is no school without dark spots and blemishes whose very presence is a call to humility, but which nevertheless act as stepping stones to finer things.

I extend greetings to all who scan this copy of the LAUREL, and express appreciation to those who have striven to maintain the finest ideals of a Christian College.

R. L. MOORE.

RALPH ASHWORTH

01 1943

The class of '43 was the largest ever to have entered Mars Hill College. The coming of their second year brought hard work to do and loads to lift, but this vivacious group met those tasks left to them. They did their best to follow in the footsteps of their predecessors. When a member of this class left to serve his country, the thoughts and prayers of his class went with him. The class of '43 throws out the torch of challenge to the rising senior class, realizing the difficulties of the coming year.

CLASS OF 1944

Undaunted by world conditions, the class of '44 entered the portals of Mars Hill College determined to make the most of their college career. Some of their classmates left to join the armed forces of the country, but those who remained kept the light of culture burning. Despite new hardships this class accepts the unspoken challenge of a better Mars Hill.

SOCIETIES

The thrill of joint meetings and anniversary; the deepening of campus friendships; the development of talents and personalities; the strength for seeking lives which are dedicated to the upholding of high ideals; the desire to have a part of bettering this world; a lasting bond with those who have gone before — these are gifts which only Clio-Phi and Non-Eu standing together with the help of God can offer.

STUDENT CABINET

A different form of student government was introduced to Mars Hill Campus this year. In the fall a cabinet of seven members was chosen by the senior class. In February the enrollment was increased by two members from the junior class.

The chief function of this cabinet is to promote a better understanding between the administration and the students. It serves as a clearing house for student opinions and wishes.

RELIGIOUS ACTIVITIES

"The session ending may not have revealed all of the truth for which we are in need, but these mountain-top experiences have convinced us all that the truth is on the march and nothing can stop it or its pursuers. Our faith in Christ and His truth are the essentials for the successful perpetuation of our hopes and aspirations. For He has said: 'Ye shall know the truth and the truth shall make you free'."

PUBLICATIONS

For several years the *Hilltop* and the *Laurel* have served as the students' publications. Despite the lack of materials and numerous staff changes these two publications have been presented another year. The staff of the *Hilltop* has endeavored to put out a newspaper of value and interest to the students. The staff of the *LAUREL* has strived to present a yearbook that will be a treasure in years to come.

MARSHALS

Those who wear the gold sash of a college marshal are the outstanding students on the Campus. They are selected because of high scholarship, well-rounded personalities, and leadership. Their chief duty is to welcome guests at all formal occasions sponsored by the College.

HONOR CLUBS

Further laurels should be given to the members of the various honor clubs on the campus. These have not only excelled in scholarship but have consistently ranked high in campus citizenship. From monthly meetings a deeper appreciation has been gained in many fields of learning, and from social gatherings will remain memories of good fellowship.

The Dramateers began their twenty-fifth season with the production of an original play. In drama, poetry, and reading the original note dominated the work of the year. This talented group provided the campus with many hours of rare entertainment.

With the coming of several new members to the music department came also new interests in music. The glee club under capable direction appeared at numerous occasions. Recitals by the faculty and students of the department provided interest for all.

ATHLETICS

The year 1942-43 saw a greater interest in intramural athletics on Mars Hill Campus than ever before. Transportation difficulties brought about the dominant interest in intramural athletics for both men and women. A successful season in intramural football was followed by an exciting season of basketball. The varsity with its numerous games added to the general interest. Archery started the season for the women. Hockey, recreational sports, calisthenics, and basketball occupied the winter season. Tennis, softball, and soccer closed the season for the women; whereas baseball and tennis dominated the field for the men.

Asheville's Finest

For The Duration —

- The facilities of MERCER UNIVERSITY are at the call of the Federal Government, and to a large extent they are being so used.

- In addition, the schedule has been so changed that a student may regularly enroll for a full load of courses at the beginning of any one of the four quarters.

- The curriculum has been revised and new offerings added. During the *Summer Quarter* of 1943, which will open June 14, special courses geared to war needs will be offered in mathematics, physics, English, history, and economics. A thorough physical and health education program, in harmony with military needs, assures the physical well-being of the individual student.

In The Meantime —

- Mercer continues its regular offerings in the Humanities, the Social Sciences, and the Natural and Physical Sciences. It continues preparing young men and women to occupy the positions of leadership in business and the professions that will be so profoundly important after the war.

- Mercer has adequate libraries and laboratories, excellent housing facilities for young men and women, and a highly useful student guidance program.
